Mr. Daljeet Rana
Principal, CT Public School

Principal's Message

I am extremely sanguine that CT Public School since its genesis in 1997 years has offered itself as a shell for sheltering & fostering human minds in their raw state to be matured into empowered innovators and professionals. The school in these 23 years has unleashed the store house of creative genius and set buoyant human spirit with co-curricular activities. The wheel of excellence and continual progress has been steered with values and conventions as its fulcrum, quality education, constant improvement in infrastructure, educational technology, teaching and learning processes as its spokes to fortify innumerable efforts to set the wheel on its track.

CT Public School has a very good and dedicated team of qualified, experienced, and efficient staff who are very committed to our mission of developing the overall personality of our students. We are constantly

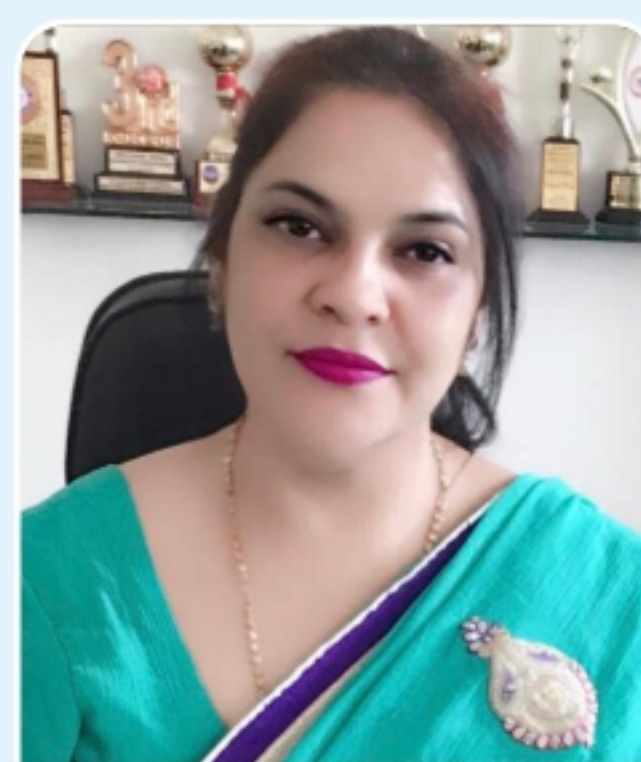

striving hard to provide the best education and services to our students so that they not only excel in their studies but also shine in life.

CT Public School aims to create a supportive and inclusive environment where gifted and talented students are encouraged to explore their potential and achieve their personal best in all aspects of school life. Students will be challenged and engaged through authentic learning opportunities that inspire them to develop creativity, confidence and resilience to become independent and ethical life-long learners.

We support the individual wellbeing of our students and provide a curriculum that allows every student to thrive as they work towards achieving their personal best performance.

We aim to equip our students to be successful in the world of the future. Our children are intelligent, resilient, creative, imaginative, disciplined, dedicated to life-long learning, respectful and ethical.

Vice Principal's Message

Mrs. Sukhdeep Kaur
Vice Principal, CT Public School

royal life, earning money and much more. But education does not really mean this. Real meaning comes when one's way of thinking gets changed and one start thinking for the betterment of the society, country and world at large.

The parents are the most strengthening power in moulding the future of the children. Their constant support empower us to do more and more. I pay my gratitude to them for their faith in us. I am confident enough that the CTPIANS will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

I wish and pray that every day be a special day for every child who enters the portals of CT Public School with heart and mind set to grow more than yesterday.

More than a decade back CT PUBLIC SCHOOL pledged to transform education. The school that is being run under the aegis of well-established management" CT Educational Society has earned its own niche not only in Jalandhar but across the globe. I take this opportunity to thank God Almighty for his benevolence, generous blessings showered upon our institution through various people and events. Many people consider education as a medium of getting good jobs living a

No one is born a great cook; one learns by doing

CT Public School, Jalandhar held a Virtual Culinary Contest, "COOK TOGETHER" for aspiring mothers of enthusiastic CTians who participated in the contest, showcasing their creativity and cooking ability.

The renowned chef and Dean CT University: Dr. Varinder Singh Rana led teams on a culinary journey to cook and complete a beautiful Italian meal using spinach and flour. This

event was actually a platform for the cooks to prove that there is really some magic in their hands which can spur others' taste buds!

Prominently making use of these healthy ingredients (spinach and flour) in their culinary creations, the mother cooks prepared the dishes in the Cook-Together and brought their creativity and talent to the kitchen table. The dishes looked natural, delicious and harmonious.

Principal of the

School, Mr. Daljeet Rana applauded the efforts of all participants and inspired the children and their mothers to make healthy food choices through hands on learning with fresh, affordable food items. The Vice Principal, Ms. Sukhdeep Kaur said that the aim to organise this event was to aware all about the healthy cooking culture.

The event concluded with a "Cheers" to celebrate everyone's hard work in the kitchen.

CT ATL LAB

CT ATL Lab. is a work space where young minds can give shape to their ideas through hands on do-it-yourself mode; and learn innovation skills. Young children will get a chance to work with tools and equipment to understand the concepts of STEM (Science, Technology, Engineering and Math. 'Innovation' is the buzzword in the current Indian polity — and rightly so. Students of grade VII & VIII attended the live practical

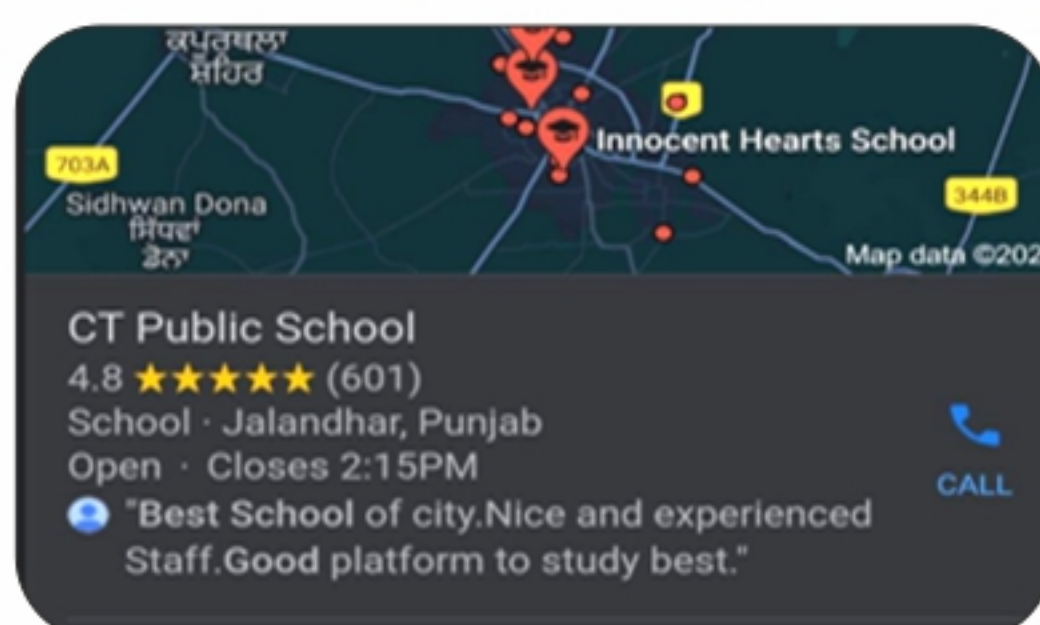

session. They learnt new concepts and technologies and experienced the joy of innovation by initiating the projects of Automatic door lock system using RFID, Range finder using Ultrasonic sensor, LED Blinking & Calculator using keypad and LCD under the supervision of Mr. Kartik & Mr. Navdeep. The Principal of the school, Mr. Daljeet Singh appreciated the innovative ideas of students.

*The more reflective you are,
The more effective you are*

CT Public School

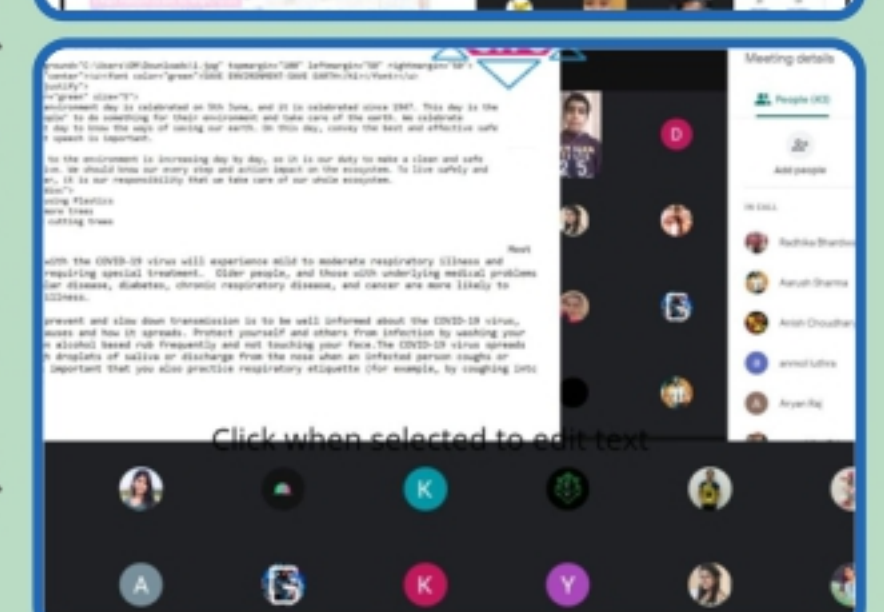

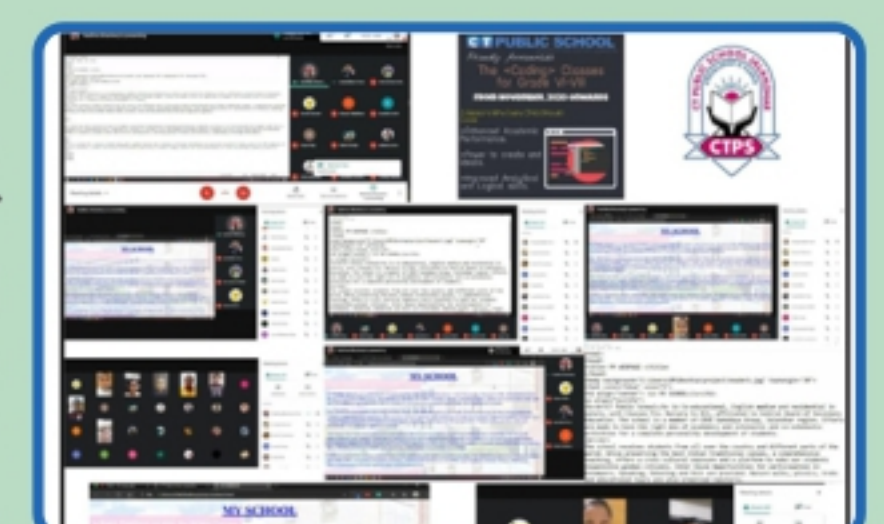

CT Public School has received positive reviews on social media platforms like Google, Facebook, Instagram, etc. due to its credibility and commitment to satisfy the students and the parents. The school has to its credit 600+ reviews on Google and more than

10,000 likes on Facebook, reflecting as the best school in the region. The school is obliged to the reviewers who have recognised the services and values provided by it and will help to create, maintain and to go beyond the already high benchmark.

Coding Classes

Education must not solely incorporate the periphery of knowledge, but should instead concentrate on the overall development of the young minds. With the global inclinations of liberated culture setting strong footfalls in the enriching domain, it is becoming immensely crucial for everyone to keep up with the pace of the change.

CT KINDERGARTEN ACTIVITIES

CT kindergarten is one of the best platform for the beginners to shape up their personality, confidence level and overall development

CT kindergarten is providing one of the best online classes to the kindergarten children. Children totally occupied throughout the day with various activities which are very helpful for shaping their personality. Along with academics The children are being equipped with different type of online activities like art, colouring, celebrating festivals , yoga as well as academics.

Students are occupied throughout the week studying as well as projecting various kind of activities which are done online.

Teachers are in regular touch with students teaching them as well as interacting with parents so that the children are well equipped with studies as well extra co curricular activities.

International Doctor's Day

#NationalDoctorsDay
#happy parents

The importance of doctors has definitely come to the forefront this year with the outbreak of the COVID-19 pandemic. It's not that they were not there before, but with the virus spreading far and wide they have been working non-stop for 24 hours with little to no rest. They are there to ensure that patients recover fully, and with the number of infected cases rising daily, hospitals are overflowing with patients. So it is only fair that doctors have a day to themselves, like

National Doctor's Day.

National Doctor's Day is celebrated on the 1st of July in India every year. This day honours doctors across the country for their relentless service throughout the year.

... In India, Doctor's Day is celebrated to honour the legendary Dr. Bidhan Chandra Roy, who was also the second Chief Minister of West Bengal. On this occasion of Doctor's Day, the CT Public School expresses its gratitude to them for always being there for us, for serving us with happiness and for treating our problems. It makes us feel proud and great to have doctor parents in our CT family. Doctors are the true warriors to save people in the world pandemic. We all salute them.

International Mathematics Day

"Mathematics is not about numbers, equations, computations, or algorithms: it is about understanding".

We are going to celebrate Maths month on the birthday of great Mathematician S. RAMANUJAN. A fraction (from Latin fractus, "broken") represents a part of a whole or, more generally, any number of equal parts. When

spoken in everyday English, a fraction describes how many parts of a certain size there are, for example, one-half, eight-fifths, three-quarters.

Sihana of 6th Adorable explained fractions in a very easy way. Principal Mr Daljeet Rana, Vice-Principal Mrs Sukhdeep Kaur and HOD Maths Mr Rajesh Kumar Shukla appreciated her efforts.

Virtual Show and tell competition

CT PUBLIC SCHOOL (AFFILIATED TO CBSE) | SINCE 1997 | JALANDHAR (Pb.) LITERARY ACTIVITIES SHOW & TELL WINNERS (CLASSES I TO V)
