TO WHOMSOEVER IT MAY CONCERN

Dear Mr. Daljeet Rana

I, Monis Sharma, President of You Can Foundation authorize you to nominate School Principals & Educationist to our Education Council which was formed with an objective to have like minded, experienced and knowledgeable people who can help manage our organization & would take it to new heights in a more efficient manner.

YCF has been mobilizing college going students since its inception to engage them in volunteering and community services through the methodology of experiential learning. The idea is to make learning meaningful and solve the social challenges around us. Now we also want to focus on school going students and engage them in social work so as to inculcate social values at a very early age. This would help them to see themselves, Society and nation with a different perspective. School Principal can play a very important role in bridging the gap & forming policies for the same. This position will be on honorary basis and valid for a year.

Why Students

In a rapidly growing society today, there is a heightened need for self awareness and social education among the youth. The youth stands as a community off-potential change makers & nation builders. In order to accomplish our objective we have designed YouthGram, an initiative which inculcates self awareness amongst the youth through experiential learning and social services. The vision of YouthGram is to Mobilise youth to identify their capabilities, reach their full potential and contribute as leaders of change for the society.
